

HS UK — Healthscope (UK) Ltd
Occupational Health & Safety

Who we are

The service is led by Occupational Health practitioners, and operates under the supervision of eminent Occupational Health Consultants, who provide, where necessary, medical support to the service.

Healthscope (UK)Ltd Occupational Health and Safety is a growing and dynamic business, providing quality services to its increasing customer portfolio across the country including schools, engineering workshops, car bodyshop repairs.

The services we provide

We offer high quality, cost effective occupational health solutions to meet the needs of any small and medium sized organisations. Healthscope(UK) Ltd is able to provide expertise in the following areas:

- Onsite Health Surveillance
- Health and Safety audits
- Pre Placement screening
- Sickness absence management
- Rehabilitation
- Risk Assessments
- Health Education
- Travel Clinics
- Employee Well Being Schemes

We aim to provide a cost effective service which:

Promotes and maintains the highest possible levels of physical, mental and social well-being of all employees, through the identification and management of risks to health, and supports the organisation in their compliance with Health and Safety legislation.

Working in partnership with you:

We work in partnership with organisations to provide an excellent, bespoke occupational health service, meeting the needs of each organisation we support.

Affordable Occupational Health Surveillance at your workplace

Did you know?

If you have employees at risk from solvents, fumes, dusts, biological agents and other substances hazardous to health, then health surveillance may be required under the Control of Substances Hazardous to Health Regulations (COSHH 2002).

Healthscope (UK) Ltd provides a nationwide occupational health screening service with fully trained technicians in mobile clinics at your own premises. This means we can bring a top quality health surveillance service direct to your doorstep, thereby reducing the need for employees to leave the workplace to undertake mandatory health screening.

Fees for the following are available upon request:

- Fork Lift Truck Driver Medical
- Respiratory and Skin Checks
- Hearing Tests – any employees exposed to noise levels above 85dB should undergo an annual Hearing Test.
- Vision Screening
- Mask Fitting
- Hand Arm Vibration Level 2 (Questionnaire)
- Hand Arm Vibration Level 3 (Assessment)
Employees likely to exceed the daily exposure action level of 2.5m/s² A(8), should be under suitable health surveillance such as:
 - Completing a questionnaire annually for level 2.
 - Level 3/4 assessment is required if the health information in the given questionnaire warrants further screening

For more information on the services we provide and the support that we can offer, please call us: 0118 977 5036 or email us: admin@healthscopeuk.com

Healthscope (UK) Ltd aims to provide professional and comprehensive Occupational Health and Safety services to organisations across the country, keeping companies legally compliant and their employees healthy and productive.
